Innovation for Development - OECD.org

This article provides a brief overview of the health systems of the world, sorted by continent.

Health systems by country - Wikipedia

Innovation can be simply defined as a "new idea, creative thoughts, new imaginations in form of device or method". However, innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs. Such innovation takes place through the provision of more-effective products

Innovation - Wikipedia
